

Cut Resistant Gloves/ Nitrile Coated Gloves

BC7101 NITRILE COATED CUT RESISTANT GLOVE

13 Gauge HPPE & steel fiber shell, with black Sandy nitrile coating on palm. Soft and comfortable cut resistant shell, with very good abrasion in heavy oily environment, protect hands from sharp hazard.

Size: 7-11

Applications: Glass working, Machinery operation, Steel products working

Compliance:  EN388, ANSI cut level 5

BC7100 PU COATED CUT RESISTANT GLOVE

13 Gauge HPPE & steel fiber shell, with black PU coating on palm. Soft and comfortable cut resistant shell, coating with PU feels light and fit hands well, protect hands from sharp hazard.

Size: 7-11

Applications: Glass working, Machinery operation, Steel products working.

Compliance:  EN388, ANSI cut level 4

BC7102 NITRILE COATED CUT RESISTANT GLOVE

18 gauge HPPE seamless shell, with black breathable foam nitrile palm coating. Super soft and comfortable cut resistant shell, good grip and abrasion in oily and wet environment, protect hands from sharp hazard.

Size: 7-11

Applications: Glass working, Machinery operation, Steel products working

Compliance:  EN388, ANSI cut level 4

**BC7110
NITRILE COATED GLOVES**

Fully blue nitrile coating, smooth finish, knit wrist with cotton knitted lining, lightweight, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel, machinery industry, etc.

Size: 8, 9, 10

**BC7118
NITRILE GLOVE**

High-performance brown nitrile coating, smooth finish, slip on cuff with striped cloth back, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel, machinery industry, etc.

Size: 8, 9, 10

**BC7111
NITRILE COATED GLOVES**

Lightweight blue nitrile coating on the palm, smooth finish, knit wrist with cotton knitted lining, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel, machinery industry, etc.

Size: 8, 9, 10

**BC7120
NITRILE COATED GLOVES**

Fully blue nitrile coating, smooth finish, safety cuff with cotton knitted lining, lightweight, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel machinery industry, etc.

size: 8, 9, 10

Nitrile Coated Gloves

BC7128 NITRILE GLOVE

High-performance brown nitrile coating, smooth finish, safety cuff with striped cloth back, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel, machinery industry, etc.

Size: 8, 9, 10

BC7121 NITRILE COATED GLOVES

Lightweight blue nitrile coating on the palm, smooth finish, safety cuff with cotton knitted lining, flexibility and dexterity, provides excellent resistance to cuts, snags, punctures, abrasion, grease and oil. Good for construction, assembly, maintenance, rough materials handling, glass, steel machinery industry, etc.

Size: 8, 9, 10

BC7130 NITRILE IMPREGNATED GLOVE

Grey impregnated palm and yellow cotton drill back, Nitrile laminated coating resists to fluid, snags and abrasion, with cotton jersey lining for warmth, unique safety cuff with shirred elastic on back for extra protection.

Size: 11"

BC7131
NITRILE IMPREGNATED GLOVE

Blue impregnated palm and yellow impregnated back, Nitrile laminated coating resists to fluid, snags and abrasion, full BOA lining for warmth, shirred elastic back offers a snug fit.

Size: 10.5"

BC7133
NITRILE IMPREGNATED GLOVE

Black impregnated palm and red impregnated back, Nitrile laminated coating resists to fluid, snags and abrasion, with foam fleece lining for warmth, shirred elastic back offers a snug fit.

Size: 10.5"

BC7132
NITRILE IMPREGNATED GLOVE

Yellow impregnated palm and black Nylon PVC impregnated back, Nitrile laminated coating resists to fluid, snags and abrasion, detachable BOA lining for warmth, shirred elastic back offers a snug fit.

Size: 11"

BC7134
NITRILE IMPREGNATED GLOVE

Yellow impregnated palm and blue impregnated back, Nitrile laminated coating resists to fluid, snags and abrasion. Silver reflective strap on back ensures greater night safety. Foam fleece lining for warmth, shirred elastic back offers a snug fit.

Size: 10.5"

Mechanical Glove/ PVC Gloves

BC7140 MECHANICAL GLOVE

13 gauge Hi-viz yellow polyester seamless shell, with black sandy nitrile dipping on palm; Thermal plastic rubber safeguards the knuckles and fingers against hazardous impact and abrasion injuries; Reinforced thumb crotch well for extended wear; Padded palm offers an extra protection. Hook and loop wrist closure ensures a snug fit; Washable.

Size: 7-11

Applications: Gas & Oil industry, Offshore exploration, Rescue work, Heavy duty impact, Construction, Cutting application, Metal fabrication, Mechanical workshop, Automobile, Hand and power tool usage.

Compliance:  EN388

BC7135 NITRILE IMPREGNATED GLOVE

Grey impregnated palm and fluorescent yellow back and cuff, Nitrile laminated coating resists to fluid, snags and abrasion. Silver reflective strap on back ensures greater night safety. Foam fleece lining for warmth, shirred elastic back offers a snug fit.

Size: 10.5"

BC7141 CUT RESISTANT MECHANICAL GLOVE

13 gauge nylon & HPPE blended seamless shell, with black sandy nitrile dipping on palm; Separate TPR pads on glove back and fingers to make more flexible and comfortable; Reinforced thumb crotch well for extended wear; Washable.

Size: 7-11

Applications: Gas & Oil industry, Offshore exploration, Rescue work, Heavy duty impact, Construction, Cutting application, Metal fabrication, Mechanical workshop, Automobile, Hand and power tool usage.

Compliance:  EN388

**BC7142
CUT RESISTANT MECHANICAL
GLOVE**

13 gauge polyester & HPPE blended seamless shell, with smooth nitrile knuckle dipping and black sandy nitrile dipping on palm; Soft TPR pads on back protect the hand and fingers from impact and abrasion, while a reinforced thumb crotch strengthens a critical wear point.

Size: 7-11

Applications: Gas & Oil industry, Offshore exploration, Rescue work, Heavy duty impact, Construction, Cutting application, Metal fabrication, Mechanical workshop, Automobile, Hand and power tool usage.

Compliance:  EN388

**BC7151
PVC GLOVE**

High-grade red PVC palm coated, interlock lining, smooth finish, cotton knit wrist offers comfort and fit the wrist snugly.

Excellent protection against wide range of chemicals and abrasion resistance, such as petroleum, refining, acids, oil, grease, caustics, solvents, cuts, punctures and abrasions.

**BC7150
PVC GLOVE**

Fully high-grade red PVC coated, interlock lining, smooth finish, cotton knit wrist offers comfort and fit the wrist snugly.

Excellent protection against wide range of chemicals and abrasion resistance, such as petroleum, refining, acids, oil, grease, caustics, solvents, cuts, punctures and abrasions.

**BC7160
PVC GLOVE**

High-grade red PVC coated, smooth finish, gauntlet cuff, interlock lining provides maximum flexibility and comfort. Excellent protection against wide range of chemicals and abrasion resistance, such as petroleum, refining, acids, oil, grease, caustics, solvents, cuts, punctures and abrasions.

Length available in 10", 12" or 14"

Protective Gloves

BC7170
RUBBER COATED COTTON GLOVE

Natural rubber palm dipped, anti-slip cut and abrasion resistance.
Ideal for rough materials handling, farming, gardening, steel machinery industry, construction.
Size: S, M, L, XL

BC7172
RUBBER COATED COTTON GLOVE

Natural rubber palm dipped, anti-slip, cut and abrasion resistance.
Ideal for rough materials handling, farming, gardening, steel machinery industry, construction.
Size: 9.5", 10", 10.5"

BC7171
RUBBER COATED COTTON GLOVE

Natural rubber palm dipped, anti-slip cut and abrasion resistance.
Ideal for rough materials handling, farming, gardening, steel machinery industry, construction.
Size: 9.5", 10", 10.5"

BC7173
RUBBER COATED COTTON GLOVE

Natural rubber palm dipped, anti-slip, cut and abrasion resistance.
With acrylic fleece liner for cold resistance. Ideal for rough materials handling, farming, gardening, steel machinery industry, construction.
Size: 7, 8, 9, 10, 11

BC7180 PU COATED NYLON GLOVE

Nylon fabric, with water-based PU coating, increases grip and abrasion resistance, offers maximum protection and durability, also keep hands cool and freedom of movement. Good for precise operations and assembly of electronics, computers, semiconductors, laboratories, pharmaceuticals, etc.

Size: 7, 8, 9, 10, 11

BC7181 I

13 Gauge polyester shell with grey nitrile fully dipping. Excellent grip on palm, elastic, comfortable, washable, full protection from liquids.

Size: 7-11

Applications: Automotive industry & Manufacturing, Building & Constructional, Oil industry

Compliance:  EN388

BC7181 NITRILE COATED NYLON GLOVE

Seamless liner with nitrile coating on palm and fingers, anti-slip, cut and abrasion resistance. Ideal for rough materials handling, assembly, steel and machinery industry, construction, farming and gardening.

Size: 7, 8, 9, 10, 11

BC7182 COTTON GLOVE

PU palm and finger coated, cut and chemical resistance. Good for clean room conditions, electronics, inspection, dry component assembly.

Size: 7, 8, 9, 10, 11

Protective Gloves / Cotton/Nylon Interlock Gloves

BC7183 FOAM NITRILE COATED NYLON GLOVE

Seamless liner with Nitrile coating on palm and fingers, anti-slip, cut and abrasion resistance. Ideal for rough materials handling, assembly, steel and machinery industry, construction, farming and gardening.

Size: 7, 8, 9, 10, 11

BC7190 COTTON INTERLOCK GLOVE

Bleached interlock glove with mini latex dots on palm give extra grip. Three seams and shirred elastic band on back. Good perspiration absorption to keep hands cool and dry. Ideal for light industrial, clean room, electronics, etc.

Size: 6, 7, 8, 9, 10, 11

BC7185 GRAY NYLON LYCRA GLOVE

15 Gauge nylon/spandex shell with Micro-Foam nitrile coating on palm and fingers, elastic, comfortable, Breathable coating keeps hands ultra cool and dry, resistant against oil.

Size: 7-11

Compliance:  EN388

BC7191 COTTON INTERLOCK GLOVE

Natural cotton with mini latex dots on palm give extra grip. Three seams and shirred elastic band on back. Good perspiration absorption to keep hands cool and dry. Ideal for light industrial, clean room, electronics, etc.

Size: 6, 7, 8, 9, 10, 11

BC7192
COTTON INTERLOCK GLOVE

Blue cotton with mini PVC dots on palm give extra grip. Three seams and shirred elastic band on back. Good perspiration absorption to keep hands cool and dry. Ideal for light industrial, clean room, electronics, etc.
Size: 6, 7, 8, 9, 10, 11
Color: Blue, Black

BC7197
NYLON INTERLOCK GLOVE

Stretch Nylon fabric absorbs perspiration to keep hands cool and dry. Anti-static. Good for inspection, electronic, light industrial.
Size: S, M, L

BC7195
NYLON INTERLOCK GLOVE

Stretch Nylon fabric absorbs perspiration to keep hands cool and dry. Anti-static on back and PU coating on palm. Good for inspection, electronic, light industrial.
Size: S, M, L, XL

BC7196
NYLON INTERLOCK GLOVE

Stretch Nylon fabric absorbs perspiration to keep hands cool and dry. Anti-static on back and mini PVC dots on palm. Good for inspection, electronic, light industrial.
Size: S, M, L, XL

BC7280
HOT MILL COTTON GLOVE

Thick cotton fabric for high heat insulation and abrasion resistant. With cotton napped to form a cushion for heat dissipating and comfortable while handling the hot objects, and a knuckle strap to add the protection. With gauntlet cuff, also available with band top cuff, both provide comfort, breathability, easy on and off.

Cotton Gloves/ Leather Gloves

BC7292 COTTON DRILL GLOVE

Premium quality fabric keeps hands cool and dry, wing thumb and knit wrist offer comfortable and long-lasting protection.

Good for general purpose, lifting and handling.

Size: 9", 9.5", 10", 10.5"

Weight: 6 OZ, 7 OZ, 8 OZ

BC7290 COTTON GLOVE

Soft cotton provides comfortable, durable abrasion resistance, with knit wrist and PVC dotted on palm, thumb and index finger to improve gripping capabilities.

General use, one size fits all.

Available weight from 5 OZ to 12 OZ.

BC7293 COTTON DRILL GLOVE

Premium quality fabric, two layers on palm keep hands cool and dry, straight thumb and knit wrist offer comfortable and long-lasting protection.

Good for general purpose, lifting and handling.

Size: 9", 9.5", 10", 10.5"

Weight: 14 OZ, 16 OZ

BC7291 COTTON GLOVE

Soft cotton provides comfortable, durable abrasion resistance, with red knit wrist and PVC dotted on palm, thumb and index finger to improve gripping capabilities.

General use, one size fits all.

Available weight from 5 OZ to 12 OZ.

BC7294 COTTON DRILL GLOVE

Premium quality yellow fabric, two layers on palm keep hands cool and dry, straight thumb and knit wrist offer comfortable and long-lasting protection.

Good for general purpose, lifting and handling.

Size: 10.5", 11"

Weight: 14 OZ, 16 OZ, 18 OZ

BC7210 LEATHER GLOVE

Made of pig split leather, wing thumb, fingertips, knuckle strap, with safety cuff and elastic band on back, durable and abrasion resistance, provide the protection from cuts, scrapes, abrasions and punctures.

BC7220 LEATHER GLOVE

Made of pig grain leather, wing thumb, leather fingertips, leather knuckle strap, with safety cuff and shirred elastic back, durable and abrasion resistance. Grain leather repels liquids to keep hands dry, easy on-off and comfortable to wear.

BC7211 LEATHER GLOVE

Made of cow split leather, wing thumb, fingertips, knuckle strap, white cotton, with safety cuff and shirred elastic band on back, durable and abrasion resistance, provides the protection from cuts, scrapes, abrasion and punctures.

BC7221 LEATHER GLOVE

Made of premium pig grain leather, wing thumb, fully wrapped index finger, leather fingertips, leather knuckle strap, green back, rubberized cuff and shirred elastic back, durable and abrasion resistance. Good for tough industrial jobs, either indoors or outdoors.

BC7212 LEATHER GLOVE

Made of pig split leather, wig thumb, fingertips, knuckle strap, white cotton, with safety cuff and shirred elastic band on back, durable and abrasion resistance, provides the protection from cuts, scrapes, abrasion and punctures.

BC7222 LEATHER GLOVE

Made of premium pig grain leather, full leather index finger, leather fingertips, wing thumb, leather knuckle strap, yellow/blue stripe back, rubberized cuff and shirred elastic back, excellent abrasion resistance and durable. Good for tough industrial jobs, either indoors or outdoors.

Leather Gloves

BC7232 LEATHER GLOVE

Rusty select cow full leather index finger, leather fingertips, wing thumb, leather knuckle strap, yellow cotton, rubberized cuff and shirred elastic back, is a comfortable and durable glove, good for general purpose.

BC7230 LEATHER GLOVE

Made of cow split leather, full leather index finger, leather fingertips, wing thumb, leather knuckle strap, strip back, rubberized cuff and shirred elastic back, excellent abrasion resistance, good for tough industrial jobs, either indoors or outdoors.

BC7240 LEATHER GLOVE

Made of beige cow grain, full leather index finger, leather fingertips, wing thumb, leather knuckle strap, yellow/blue strip, rubberized cuff and shirred elastic back, offers a good resist to abrasion, prevents the hands from cuts, scrapes, abrasions and punctures.

BC7231 LEATHER GLOVE

Made of cow split leather, full leather index finger, leather fingertips, wing thumb, leather knuckle strap, grey/purple stripe, rubberized cuff and shirred elastic back, good for general purpose.

BC7241 LEATHER GLOVE

Made of natural cow split palm patch, full leather index finger, leather fingertips, wing thumb, leather knuckle strap, green cotton, rubberized cuff and shirred elastic back, offers a good resist to abrasion, prevents the hands from cuts, scrapes, abrasions and punctures.

BC7250 WELDING GLOVE

Grey shoulder split leather, wing thumb, full sock lining, soft, flexible and heat resistance. 14" length, protects the hands from heat and welding sparks. Perfect for tough welding jobs.

BC7253 WELDING GLOVE

Blue color shoulder split leather, wing thumb, full sock lining, soft, flexible and heat resistance. 14" length, protects the hands from heat and welding sparks. Perfect for tough welding jobs.

BC7251 WELDING GLOVE

Red shoulder split leather, wing thumb, full sock lining, soft, flexible and heat resistance. 14" length, protects the hands from heat and welding sparks. Perfect for tough welding jobs.

BC7255 WELDING GLOVE

Split cowhide leather, blue color, reinforced wing thumb and cuff, soft, flexible and heat resistance. 14" length, protects the hands from heat and welding sparks. Perfect for tough welding jobs. 100% cotton lining. Sewn with Dupont Kevlar

Compliance: EN

BC7252 WELDING GLOVE

Brown shoulder split leather, reinforced straight thumb, full sock lining, soft, flexible and heat resistance. 14" length, protects the hands from heat and welding sparks. Perfect for tough welding jobs.

BC7256 TIG GLOVES

TIG gloves, grain goatskin, white & gray color, split cowhide leather cuff, seamless index finger, no lining, sewn with DuPont Kevlar thread, 5" long cuff, size: M, L, XL

Compliance: EN

Leather Gloves/ Glove Clip

BC7260 DRIVER'S GLOVE

Made of natural cow grain leather, wing thumb, flexible and durable, conforms comfortably to the hand and the elastic shirred back for a secure hold and snug fit.

BC7262 DRIVER'S GLOVE

Made of pig grain leather driver gloves, keystone thumb and no liner, conforms comfortably to the hand and the elastic shirred back for a secure hold and snug fit.

BC7261 DRIVER'S GLOVE

Made of golden cow grain leather, wing thumb, flexible and durable, conforms comfortably to the hand and the elastic shirred back for secure hold and snug fit.

BC7263 DRIVER'S GLOVE

Pig grain leather on the palm, color knitted elastic cotton back, velcro tape cuff for a secure hold and snug fit, flexible and durable.

Size: 7, 8, 9, 10, 11
